

Dear Fit & Fun Sports families,

THANKS SO MUCH for giving us the opportunity to embrace your wonderful children in our second year of the Levis JCC's Fit & Fun Sports Program. We are thrilled with our blossoming program with 42 participants and more than 60 buddies this spring!

As each of your children enhanced their sports, fitness and social skills, each volunteer buddy had the incredible opportunity to connect with your children in a very special way. The buddies learned so much about each child's unique talents, while strengthening their own personal values and skills as future leaders in our community. Buddies are already contacting me to ensure they are included in our fall program!

We feel so fortunate to have met so many new families this year, and can't wait to see everyone next year!

Thanks again and have a wonderful summer!

Fondly, Marianne, Coaches Kevin and Luis
